

Customer Service Engineer – Hasselt

For our client, an internationally leading construction software company we are looking for a Customer Service Engineer for their brand new office in Hasselt. Our client provides calculation and drawing software for engineers, constructors, CAD & BIM specialists and construction companies.

Why is this job something for you?

- You will work in an international, innovative and multicultural environment where there is a lot of dynamism, enthusiasm and open communication.
- Moreover, you are assured of a motivating salary package supplemented with various additional legal benefits, including a company car, a bonus and the possibility of working from home.

What are you going to do ?

As a Customer Service Engineer you will help the customers with technical know-how, assist them with tech support and give presentations about the design software in the Benelux.

- Help the customers with technical support.
- Learn more about CAD and BIM in practice.
- Give trainings, presentations and help the sales team with demonstrations.
- Consultancy for the customers about all kinds of CAD or BIM projects.
- You will travel frequently within Belgium and to the Netherlands and Luxemburg.
- Assist development and make suggestions about new features or improvement opportunities.

Who are we looking for ?

- You have a master degree in construction.
- Communicative in Dutch and English. French is a plus.
- Spontaneously, friendly, customer oriented.
- You like to explain things and give presentations.
- You like to travel frequently.

Apply ?
